

Is Your Business Protected Against Data Loss?

The odds are against businesses that do not protect their data ...

- 34% of companies fail to test their tape backups, and of those that do, 77% have found tape back-up failures.
- 60% of companies that lose their data will shut down within 6 months of the disaster.
- Companies that aren't able to resume operations within ten days (of a disaster hit) are not likely to survive. (Strategic Research Institute)
- 31% of PC users have lost all of their files due to events beyond their control.
- 30% of all businesses that have a major fire go out of business within a year. 70% fail within five years. (Home Office Computing Magazine)
- 6% of all PCs will suffer an episode of data loss in any given year. Given the number of PCs used in US businesses in 1998, that translates to approximately 4.6 million data loss episodes. At a conservative estimate, data loss cost US businesses \$11.8 billion in 1998. (The Cost Of Lost Data, David M. Smith)

Why Use RCS Remote Data Backup?

Our automated, reliable, secure and easy-to-use backup service will save you time, money, and in the event of a disaster, your business.

Protect Your Data From

Natural Disasters
Acts of Terrorism
Sabotage
Human Error
Computer Viruses & Worms
Hard Drive Crash & Failure
PC Power Failure
Backup Media Degradation

Leading Causes of Data Loss

Benefits

Fully automated
No administration required
Easy-to-use web interface
Send data off site to secure data center
Reduces work load
Eliminates negligence
Easy to deploy and maintain
Saves money and time
Run your backup automatically at night
Receive morning backup report daily via email
Data availability. Your data is available when you need it
Data Recovery assured 24x7x365

Daily Backup of Your General Data Files

Users My Documents Folder
Email, Contacts, Calendar
Microsoft SQL Server 7.0
Microsoft Exchange 2000/2003
Oracle 8i/9i
Lotus Dominos Notes 5.0 & Above

Runs on Many Operating Systems

Windows 95, 98, ME, NT, 2000, 2003, XP
MAX OS X
Linux/Unix/BSD/Solaris
Novell
Any platform supporting Java2

Security

Point to Point SSL between server and client
Data is 128-bit encrypted
Data is always compressed and encrypted during transmission and storage at highly secure data center
Twofish, Triples DES, or AES encryption
ONLY the user has decryption key, no one else
Not even RCS can see your data
Restricted access by IP address
Data access audit logs

Compliance

RCS supports the following compliance regulations with on-demand recovery while ensuring strict data security and confidentiality.
-HIPAA
-Sarbanes Oxley
-SEC/NASD

RCS Remote Data Backup Pricing

Server Storage	Cost / Month
1,000 MB / 1 GB	\$24.95
10,000 MB / 10 GB	\$34.95
20,000 MB / 20GB	\$39.95
40,000 MB / 40 GB	\$79.99
60,000 MB / 60 GB	\$119.99
80,000 MB / 80 GB	\$149.99
100,000 MB / 100 GB	\$169.99
200,000 MB / 200 GB	\$339.99
300,000 MB / 300 GB	\$429.99
400,000 MB / 400 GB	\$499.99
500,000 MB / 500 GB	\$529.99
1,000 GB / 1 TB	\$699.99

Plugins

Microsoft Exchange - \$20 / Month
Microsoft Exchange Mailbox - \$3 / User / Month
SQL (MS, MySQL, Oracle) - \$10 / Month
Lotus Domino/Notes - \$10 / Month
